**CONFORMANCE CERTIFICATE
FOR TYPE TESTING OF RISIN STEM VALVES EQUIPED WITH GRAPHITE
PACKING FOR FUGITIVE EMISSIONS**

To: _____.

This certificate is issued to attesting the fugitive emission test for selected valves have been witnessed and the test result is verified.

Certificate No.: FPT-AVC-SH-Year-Series No

Valve Manufacturer: _____
Manufacturer location: _____
Type of Test: Fugitive Emission Test
Test Standard: MESC SPE 77/312, Feb.2017
Description of Valves _____
Size of Valve _____
Pressure Rating: _____
Type of Stem: _____
Body/Bonnet Materials _____
Packing Materials: _____
Gasket Materials: _____

DATA OF TESTED VALVE

Valve Type		Design Tem.	
Valve Size		Pressure Class	
Material Body/Bonnet	-	Material – Trim	
Stem		Bonnet Gasket	
Packing		Seat	
Gland		Nut/Stud	
Series Number of Valves		Drawing Number	
Qualified Pressure Rate:			
Qualified Size:			

We attend on _____ in order to witness valves for below test:

FUGITIVE EMISSION TEST according to A MESC SPE 77/312, Feb.2017

The valves mentioned above were tested in accordance with above specification, both the test process and test method as described in the test report were found in conformance with the requirement of specifications mentioned above.

The valve mentioned above passed the Fugitive with satisfactory result. For details of test, please refer to attached inspection report No.: _____ and lab test report No.:

Attached Documents

- Inspection report No.:
- Lab test report No.:

Important note: This certificate is not valid without attached documents which contain the details of test process and test data.
